- Use of appropriate plagiarism checks- both manual and technical – such as, use of softwares to catch instances of plagiarism during review;
- In the event of the teachers/students attending/participating in any conference, permission must be sought from the Principal, highlighting the purpose of the visit;
- Many of our faculty members serve as reviewers on editorial boards of many prestigious journals, and adhere to the strictest standards to ensure good quality publications;
- Our college also organizes conferences and seminars on pressing issues calling for academic inquiry, and while selecting papers for the same, places strong emphasis on the standard of research, original thought and expression, and multiple layers of review.
- We also keep our teachers and students informed of appropriate guidelines for publication in various journals, including those recognized by the UGC;
- Our library is stocked with renowned journals from the world over, acting as a mirror for quality research and writing, for our teachers and students - a veritable tool that they can employ by emulating the standards of these publications.
